In all Labor There is Profit.

There's not a toiler on the earth
But gains a good reward,
The recognition of his worth,
In blessings from the Lord.

And only they whose idle hands
Disdain the honest toil,
In harvest-sigh of barren lands,
And lack for corn and oil.

No matter what the work may be,
If it be honest work;
To plow the land, or plow the sea,
To Christianize the Turk;

But work with althly might the day,
And work with trusting heart;
Cast needless doubts and fear away,
And act a manly part.

For comes the still a blessed time
When those who do and dare,
Shall gain the bright and better clime,
And there's no tilling there.

And not beyond this world alone
Accrue the joys to pay,
For burdens borne and labors done
In this, our working day.

But here we have abundant good
And choicest blessings given,
Of ea thy peace a plentitude,
To indicate our heaven.

Art thou of high or piteous birth,
Still sure is thy reward,
If thou hast labored on the earth
And trusted in the Lord.

Our work and worth avail us then,
And not the names we bear. A. A.

Singular Performance in a
"Dark Chie"

A correspondent of the Banner of Light (Spiritualist organ) gives the following singular account of doings at a house in Vermont:

On Wednesday, May 31st, I visited the home of the Eddy family, in Chittenden, Vt. I arrived just in time to partake of a substantial farmers' dinner with the three mediums. During the afternoon, I visited with them, while they were engaged at their labor. They are farmers, and do not seem to be afraid of work. In the evening, two gentlemen, skeptics, and residents of the town, came in to witness, with myself, the manifestations, under circumstances and conditions as follows:

There were eight persons only in the house. The large farm-house kitchen was darkened, and the instruments placed upon a table on one side of the room. We were, after examining everything about the house carefully, seated in a circle around the table, the mediums seated through the circle separately, two of them joining hands with me, the other one joined hands with the other gentleman, all constituting a circle just large enough to surround the table. Instead of singing, we all kept up a lively conversation. There was no possible chance for any one to deceive, even if there had been the disposition. The light being put out, almost instantaneously the musical instruments, several in number, were played upon, and carried all about the room; the clock, which stood twelve feet from the circle, was struck, and continued striking until the weight ran down. A pair of water was brought from the closet, a distance of fifteen feet, and placed in the skeptic's lap opposite me. A large dog that was in the room enjoying sleep was taken up and brushed around in the circle, and against our faces. On the light being produced we found the dog standing on the table in front of us. Again resuming our positions, and the light put out, it seemed as if the house was being torn to pieces. Among other things, a home-made lounge, weighing forty or fifty pounds, was brought, without the least noise, from a corner of the room, a distance of twelve feet from the circle, and one end of it placed on my head, and the other on the head of a gentleman opposite me; and then it was removed and left standing on end behind me. Finally, amid a general confusion of bell-ringing, drumming, violin playing, tin pan rattling, dishes clattering, doors slamming, pounding, knocking, and house-jarring, a light was struck, and we found ourselves surrounded with a little of everything in the shape of housekeeping utensils.

It was no very laughable matter for eight individuals sitting with joined hands—after knowing, by previous examination, that there were no others in the house—to realize that articles from garret to cellar were flying promiscuously around their heads in such a manner as to be fair to interfere with their physical safety. During this time we were all in the circle with joined hands, constantly conversing. If the gentlemen of the circle, as well as myself, can place any confidence in our senses, then we know that there was no possible chance for deception.

It was then proposed to sit on the Cabinet plan. An empty bed-room was selected and examined for that purpose. Horatio and Mary Eddy were placed in a room and securely tied to chairs. A door with a diamond-shaped aperture was then set up in the door frame, and immediately hands and arms were seen the entire length of the shoulders, one of which was very large and black, with what appeared to be a very ragged red flannel shirt-sleeve on it—to all appearance a veritable African's arm. A copper-colored arm and a very large copper-colored foot were shown. On opening the door instantly, we found the mediums just as we had left them, securely tied to the chairs. As soon as we closed the door, an Indian face, with his head decorated with feathers, appeared at the aperture, looking mildly upon us. Immediately afterward there appeared a nicely formed, delicate arm, over which was lace sleeve and a bracelet, and on the fingers several rings. This arm was held in sight long enough for us to realize its tangibility. The mediums were again examined and found tied as before. Upon looking at the mediums' garments it was noticed that Mary wore a delicate dress, with elbow-length sleeves, and no jewelry upon either hand; and neither had any red flannel about them.

Once more we closed the door, when hands and arms, large and also very small, made their appearance, and we exchanged grasp with the hands. Then the face of an old lady appeared with an old-fashioned ruffled border cap on the head, and we had the privilege of feeling the face, hair, and cap; but all were so astonished with the deathly appearance of the face that none felt a disposition to touch it, immediately the mediums were examined, and still found tied. We had barely shut the door and turned from it, before we were requested to open it, and, doing so, found the mediums untied.

The Tomb of President Lincoln

The tomb in which the President's remains, together with those of his little son, are placed, is kept carpeted with fresh flowers, and about and upon the coffin as they lie in view are earbuds and clusters of buds and blossoms, ever fresh and fragrant, so that the very breath of the sepulchre is rendered redolent and pure. Looking into the tomb the visitor can discern nothing offensive—no token of the "damp vault's" dayless gloom"—deem himself gazing into some floral cave whose tenants are the graces and summer nymphs.

The taste which is thus displayed in rendering the vault attractive is most commendable, and will brighten the recollection of every pilgrim who has here gazed upon the dead. Mr. Willis, in addition to this, has also opened a book upon which every visitor can register his name and append such remarks as the scenes may suggest to his mind. Since the 14th of May last some two thousand names of visitors have thus been registered, representatives of every State in the Union.

and also the Canada. One back upon every day during the week, and two on the Sabbath, are kept running between the city and the cemetery for the accommodation of visitors, and all this has been done since the remains of our late President were placed at rest in this pleasant burial place, since Oak Ridge has held the dust of this great man. And in making this notice we would conclude by adding that this is not only to be the resting place of the President, but there is to be erected a pile to his memory which shall stand through all ages to come.

The rising ground immediately in the rear of the tomb has been selected as the site of the President's monument. Three acres upon this beautiful spot was selected by the Monument Association on Saturday last, and here it has been decided to build the shaft. The beauty and appropriateness of this site are such as would recommend it to the minds of all, and we are pleased to know so agreeable a selection has been made.—Springfield (Vt.) Journal.

New Red Hair for Ladies is Obtained in Paris.

It is the fashion in Paris to have the hair the color of the Empress. How the hair is accomplished this is thus explained: At the appointed hour the candidate for golden honors enters the dressing-room in a long white dressing gown. Her hair floats loosely over her shoulders. The artist begins by separating every hair. Then he pours over the head a phial of "water," (probably a deadly poison.) He saturates each hair. This occupies two hours. After fifteen minutes he soaks the whole hair in ice-water. He then kneads the hair with his hands. Again ice-water is applied. He moves the "gooses" within a few inches of the hair, and it turns red. The whole operation lasts five hours, and leaves the lady with red hair, an intolerable headache, mangled nerves, and \$80 less in pocket.

PROSPECTUS OF THE ATLANTIC

for

1865

With the January number began the
15th Volume of the Atlantic Monthly.
The publishers state that they have
made such arrangements for the coming
year as will convince their readers that
they intend to maintain the present po-
sition and popularity of their magazine.
They can now announce definitely the
following features of the New Volume:

Mrs. Harriet B. Stowe—
will contribute a new series of Domest-
ic Papers, with the title of "The
Chimney Corner."

Donald G. Mitchell—
author of "Reveries of a Bachelor," will
begin in an early number a story with
the title of "Dr. Johns."

Prof. Goldwin Smith—
of the University of Oxford, has engaged
to write regularly during the year,
on topics of interest to American readers.

Prof. Agassiz—
has in preparation another series of his
interesting and valuable Scientific Pa-
pers.

Nath Hawthorne's Papers—
furnish some scenes from his unfinished
work, "The Dolliver Romance."

Fitz-Hugh Ludlow—
will continue his admirable sketches of
travel and adventure.

Mr. and Mrs. S. C. Hall
will contribute to the new Volume Mem-
ories of Art's hours they have known, in-
cluding many interesting reminiscences of
more and other literary celebrities.

The author of "TEN ABRES EXOTIC" will
furnish the ATLANTIC with regular
articles of strikingly original character.

The magazine will still be favored
with constant contributions from its reg-
ular staff of writers, whose names are fa-
miliar to the reading public as those of
the "First American Authors."

The ATLANTIC will continue to furnish
to its readers the best Essays, Sketches,
Poems, Political and Historical Papers,
and Miscellaneous of all kinds which Amer-
ican talent can supply.

U.S. 7-30 LOAN THIRD SERIES

\$230,000,000.00

By authority of the Secretary of the Treasury
the undersigned, the General Subscription Agent
for the sale of United States Securities, offers to
the public the third series of Treasury Notes,
bearing seven and three-tenths percent interest
per annum, known as the

SEVEN THIRTY
LOAN.

The Notes are issued under date of July
15, 1865, and are payable three years from that
date in currency or are convertible, at the option
of the holder into

U.S. 5-20 SIX per cent.
GOLD-BEARING BONDS

These bonds are worth a premium which
increases the actual profit on the 7-30 loan,
and besides this, its exemption from State and
municipal taxation, which adds from one to three
percent more, according to the rate levied on
other property. The interest is payable semi-
annually by coupons attached to each note, which
may be cut off and sold to any bank or banker.

The interest amounts to

One cent per day on a \$50 note.

Ten cents " " " \$500 "

Twenty " " " \$1,000 "

\$1 " " " \$5,000 "

Notes of all the denominations named will be
promptly furnished upon receipt of subscriptions.

The Notes of this Third Series are precisely
similar in form and privileges to the Seven Thirty
series already sold, except that the Government
reserves to itself the option of paying interest in
gold coin at 5 percent, instead of 7 3/10, both in
currency. Subscribers will deduct the interest
in currency, up to July 15th, at the time when
they subscribe.

The delivery of the notes of this Third series of
the Seven Thirties will commence on the 1st of
June, and will be made promptly and continue
until after that date.

The slight change made in the conditions of
this THIRD-SERIES affects only the matter of
interest. The payment in gold, if made, will be
equivalent to the current interest of the higher
rate.

The return to specie payments, in the event of
which only will the option to any interest method
be availed of, would so reduce and equalize prices
that purchases made with six percent in
gold would be fully equal to those made with
seven and three-tenths percent, in currency
prices.

THE ONLY LOAN IN
MARKET

now offered by the Government and it is the
GREAT POPULAR LOAN OF THE
PEOPLE.

Less than \$25,000,000 of the loan authorized
by the act of Congress are now on the market.

This amount, at a rate at which it is being ab-
sorbed, will all be subscribed for within two
months when the notes will undoubtedly con-
stitute a premium, as has uniformly been the case
on closing the subscription to other loans. It
now seems probable that no considerable amount
beyond the present series, will be offered to
the public.

In order that citizens of every town and section
of the country may be afforded facilities for tak-
ing the loan, the National Banks, State Banks,
and Private Bankers, throughout the country,
have generally agreed to receive subscriptions at
par. Subscribers will select their own agents,
inasmuch they have confidence, and who only are
to be responsible for the delivery of the notes for
which they receive orders.

MORTGAGE SALE.

Default having been made in the condition of a
certain mortgage made on the 15th day of July
A. D. 1865 by Ole Johnson to William Hagler,
and duly recorded on the 15th day of August A.
D. 1865 at which A. M. in the office of the
Register of Deeds of McLeod County, Minnesota
upon page 294 & 295 of book "A" of Mortgages,
on which said mortgage there is now due the
sum of \$200.00. Now therefore, notice is hereby
given that by virtue of the power of sale in said
mortgage contained and the Statute in such cases
made and provided, the premises granted by
said Ole Johnson to wit, that tract of land lying in
the County of McLeod State of Minnesota, described
as, the South East quarter of Section three
of Township one hundred and sixteen (116)
of range twenty-seven (27), will be sold at public
auction at the front door of the office of the Reg-
ister of Deeds of said McLeod County in the town
of Chaska, to the highest bidder for cash, on the
15th day of August A. D. 1865, at the hour of
12 o'clock A. M. to satisfy the amount due upon
said mortgage and costs of advertisement and sale.

STATE OF MINNESOTA,
COUNTY OF CARVER. S. S.
IN PROBATE COURT.

To the matter of the estate of Filled Hegde
deceased.

At a special term of the Probate Court held at
Chaska on the 21st day of July A. D. 1865, an
order was made and the petition of Mary Hagler,
widow, praying for reason therein set forth that
letters of administration issue, to herself, ordered
that Monday the 28th day of August A. D.
1865, at 10 o'clock in the forenoon of said day, be
fixed as the time for the hearing of said petition
and all persons interested in said estate were
requested to appear at the session of the Probate
Court then and there to be held to show cause
if any there be why the prayer of said petition
should not be granted, and it is further ordered
that a copy of this order be published in the
"Chaska Herald" a weekly newspaper printed
and published at Chaska in said county for the
consecutive weeks previous to said day of hear-
ing.

Dated Chaska July 21st 1865.

HELMHOLD'S
GENUINE
Preparation s.

COMPOUND Fluid Extract Broom, a Positive
and Specific remedy for diseases of the Bladder,
Kidneys, Gravel and Dropsical Swellings.
This Medicine improves the power of Digestion
and excites the Absorbents into healthy action,
by which the Watery or Catarrhal depositions,
and all Unnatural Enlargements are reduced,
as well as Pain and Inflammation.

HELMHOLD'S EXTRACT BROOM.
For Weaknesses arising from Excesses, Habits
of Dissipation, Early Indiscretion of Abuse, at-
tended with the following symptoms:—
Indisposition to Exertion, Loss of Power, Loss
of Memory, Difficulty of Breathing, Weak
Nerves, Trembling, Horror of Disease, Wake-
fulness, Dimness of Vision, Pain in the Back,
Universal Lassitude of the Muscular System,
Hot hands, Flashing of the body, Dryness of
Skin, Eruptions on the Face, Pallid Countenance,
These symptoms, if allowed to go on, which
this medicine invariably removes, soon follow:
Impotency, Fatuity, Epileptic Fits,
In one of which the Patient may expire.
Who can say that they are not frequently fol-
lowed by those of Irregular Diseases.

"Lascivious and Consumption"
Many are aware of the cause of their suffering
but none will confess the records of the insane
asylums. And melancholy deaths by consump-
tion bear ample witness to the truth of the asser-
tion. The Constitution once affected with Or-
ganic Weakness requires the aid of medicine to
Strengthen and Invigorate the system, which,
Helmhold's Extract Broom invariably does.
A Trial will convince the most skeptical.

Decline or Change in Life.
Take no more Bismarck, Mercury or unpleasant
medicines for unpleasant and dangerous diseases.
Helmhold's Extract Broom and Improv-
ed Rose Wash Cures.

Secret Diseases.
In all their stages. At little expense.
Little or no change in diet. No inconvenience,
and no exposure.
It causes a frequent desire and gives strength
to urinate, thereby removing obstructions, pre-
venting and curing strictures of the urethra, al-
leviating pain and inflammation, so frequent in
the class of diseases and expelling all "poisonous
discharges and venereal matter."
Thousands upon thousands who have been the
victims of Quacks and who have paid "heavy
debt" to be cured in a short time, have found
they were deceived, and that the "Poison" has
by the use of powerful stimulants, been dried
up in the system, to break out in an aggravated
form and perhaps after Marriage.

**Use Helmhold's Ext. net Broom for all affec-
tions and diseases of the Urinary Organs**
whether existing in Male or Female, from
whatever cause originating and no matter how
Long Standing.
Diseases of these Organs requires the aid of a
Disinfectant. Helmhold's Extract Broom is the
great Disinfectant, and is certain to have the desired
effect in all Diseases for which it is recommended.
Evidence of the most reliable and responsible
character will accompany the medicine.
Price \$1.00 per bottle, or six for \$5.00,
delivered to any Address, securely packed from
observation. Describe symptoms in all commu-
nications.

SILENCE KEEP.

It is a storm of sudden rage
Meet thee on thy pig image,
Mordant calmly "neath the steeple;
Silence keep for death or life,
Silence keep!

Let no words escape thy tongue,
Though had heartily heart would wrong,
Peace! the trial is not long;
Silence keep!

Better be misunderstood,
Though thy cause to thee seem good,
Than to speak in angry mood;
Silence keep!

Of truly words beware,
Else thy tongue shall prove thy share;
Then, till thou shalt have a prayer:
Silence keep!

In the field of Human Deeds
Flowers may grow as well as weeds,
For their sake sweet Mercy pleads:
Silence keep!

Then, if thou wilt silent be,
Thou shalt hear heaven's minstrelsy,
As sweet Mercy pleads for thee:
Silence keep!

Silent as the flowers that sleep
In a midnight silence deep,
Silent as the tears we weep;
Silence keep!

Miscellaneous.

How Tom Corwin Rid his Sister of an Obnoxious Lover.

Every one has heard of the eloquent
pathetic and humorous stump orator of
Ohio. He was pronounced by Mr. Clay
(a most competent authority) to be the
finest stump speaker he had ever heard;
and in this opinion I most heartily coin-
cide, after having heard Clay, Crittenden,
Jones, of Tennessee, Polk, Benjamin,
Soule, Randall, Hunt, Tom Marshall,
General Lamar, Bates, Douglas and a
host of others.

Well, this great orator carried his love
of fun into every department of life. In
the private circle, where he knew every
person, and where he unbosomed himself
fully, he was the most delightful con-
versationist I ever listened to. I do not
know that he now, as age and infirmities
are creeping on, indulges this proclivity
to humor as much as he used to do. But
some twenty years ago, he used to tell,
with great gusto, the following story:

In early life—so early that I cannot
remember the removal—my father "pull-
ed up stakes," and carrying with him
the household goods, went from Bourbon
county, Ky., where I was born, to Ohio.
Notwithstanding a rough and tumble
struggle with the world, I had a hard
time to get on, owing to a numerous and
rapidly increasing family. Well, family
matters had not much improved when I
had reached my thirteenth or fourteenth
year.

At this time there lived in the neigh-
borhood a young man by the name of
Pickering. He had inherited a well-
stocked farm, was good-looking, and made
a strong profession of religion. This lat-
ter qualification caused him to find peculiar
favor in the eyes of my father, who was
always blinded by professions of extra
piety.

This fellow had a strong hankering after
one of my sisters, who was a very pretty
girl. To her he was peculiarly distaste-
ful. She seemed always annoyed at his
presence. Yet he was ever at her side.
She dared not dismiss him entirely, for
fear of the paternal anger. Things went
on this way a year or two, and as I par-
took largely of my sister's hatred to him,
I resolved to get rid of him in some way.
I cast about for a plan for some time,
but nothing occurred which gave me the
slightest hope of being successful.

At last, returning home late one sum-
mer night from mill, I found the family
at their nightly devotions. Passing by
the windows of the room in which they
were assembled, I saw that Pickering
was there, and pretty soon discovered

that he was nodding, and, finally, his
head dropped. Now was my opportunity.
I stole slyly into the hall, and, reaching
the hall door, which was slightly ajar,
and close by which Pickering was "on
bended knee," I reached in, and, quickly
pulling his chair from under him, he
rolled heavily, as a sound sleeper would
upon the floor. The noise alarmed all.
The old gentleman stopped in the midst
of his almost interminable prayer, and
saw the position of Pickering. All the
family laughed outright: even my moth-
er smiled.

Pickering endeavored to pick himself
up as rapidly as possible, but he had
touched the old man upon his tenderest
point. It was evident, from his rubbing
his eyes, that he had slept under the old
gentleman's ministrations; and had not
my father's reputation, far and wide, for
the fervency of and strength of his min-
istrations, and was not Pickering his pro-
fessed brother? Slowly, yet most digni-
fiedly, did the old man approach him:
"Begone, hypocrite!" he cried, in thun-
dering tones. "Never enter my house
again."

Pickering was thunderstruck. He
felt that he could make no apology which
would not add to insult. He had no sus-
picion of the extra force which had added
him in his fall. He at once found his
hat, took up his line of march, and, com-
pletely crestfallen, passed by me as I
stood grinning in the shadow of the
porch.

At a suitable time I entered, got my
supper, was told by a brother in hurried
whispers what had happened, and then
I stole off to bed affecting ignorance, and
laughing most heartily, as I ensconced
myself in the sheets, at the complete
success of my plan.
Next day I cautiously imparted my se-
cret to my sister. She was in her own
room at the time, and she threw herself
upon the bed and rolled up agonies and
convulsions of laughter. She had been
emancipated for ever from the obnoxious
lover. The old gentleman did not here
the real state of the facts for full twenty
years afterward, but when he did he
laughed heartily.

A Railroad Romance.

A young lieutenant had apparently
succeeded in making himself exceedingly
agreeable to a married lady, accompanied
by her little daughter. By and by the
train approached the tunnel at Muld-
rough hill. The gay and festive lieuten-
ant leaned over and whispered to the
lady's ear. It was noticed that she ap-
peared thunderstruck, and her eyes im-
mediately after flamed with indignation.
A moment more, and a smile lighted up
her features. What changes? That
smile, it was not of pleasure, but was sus-
picious. It was unperceived by the lieuten-
ant. She made him a reply which
rejoiced him apparently very much.

For the understanding properly of the
narrative—this is our true tale—we must
tell the reader what was whispered and
what was replied. Whispered the lieuten-
ant, "I mean to kiss you when we get
into the tunnel!" Replied the lady, "It
will be dark—who will see it?" Into
earth's bowels—into the tunnel—ran the
cars. Lady and colored nurse quietly
changed seats. Gay lieutenant threw
his arms around the lady's neck, pressed
her cheek to his and fast and furious rain-
ed kisses on her lips. In a few moments
the train came into the broad daylight;
white lady looked amazed, colored lady
bashful, blushing; gay lieutenant betog-
ged. "Jane," said the white lady, "what
have you been doing?" Responded col-
ored lady, "nothing!" "Yes, you have,"
said the white lady, not in under tone,
but in a voice that attracted the attention
of all in the cars; "see how your collar
is rumpled and your bonnet mashed." Jane,
poor colored beauty, hung her head a
moment, the "observed of all ob-
servers," and then turning around to the
lieutenant, replied, "this man hugged

and kissed me in the tunnel!" Loud and
long was the laugh that followed among
the passengers. The white lady enjoyed
the joke amazingly. Lieutenant looked
like a sheep stealing dog, left the car,
and was seen no more during the trip.—

A Chemical Freak.

A platinum crucible is made and main-
tained red hot over a large spirit lamp.
Some sulphurous acid is poured into it.
The acid, though at common temperature
one of the most volatile of known bodies,
possesses the singular property of remain-
ing fixed in the red-hot crucible, and not
a drop of it evaporates; in fact it is not
in contact with the crucible, but has an
atmosphere of its own interposed. A
few drops of water are now added to the
sulphurous acid in the red-hot crucible.
The diluted acid gets into immediate
contact with the heated metal, instantly
flashes off, and such is the rapidity and
energy of the evaporation that the water
remains behind and is frozen into a lump
of ice in a hot crucible from which,
seizing the moment before it again melts,
it may be thrown out before the eyes of
the astonished observer. This is indeed
"a piece of natural magic" and as much
like a miracle as any operation of the
forces of nature could produce. It is cer-
tainly one of the most singularly beau-
tiful experiments imaginable. It was de-
vised by a French savant, to illustrate the
repellent power of heat radiating from
bodies at a high temperature, and of the
rapid abstraction of heat produced by
evaporation.

WIT AND WISDOM.

—At a debating society a wheelwright
was said to be the best spokes-man.
—What is that which a man may have
never possessed, and yet leave behind
him?—a will.
—The man who courts a young lady in
the starlight probably expects to get a
wife in a twinkling.
—Why are books our best friends? Be-
cause, when they bore you, you can al-
ways shut them up without offense.
—An itinerant preacher, who rambled
in his sermons, when requested to stick
to his text, replied "that scattering shot
would hit the most birds."

—Why should there be more marriages
in winter than in summer? Because in
winter the gentlemen require comforters
and the ladies muff.

—Why are ladies who ride in railway
carriages reserved "for ladies only," never
in time? Give it up? Then I'll tell
you. It is because ladies' trains are al-
ways behind.

—A few days since a fellow was tried
for stealing a wood saw. The culprit
said he only took it in a joke. The jus-
tice asked how far he had carried it,
and was answered, "about two miles."

—That is carrying the joke too far," said
the magistrate, and committed the pris-
oner.

—An old gentleman accused his servant
of having stolen his stick. The man pro-
tested perfect innocence:
"Why," rejoined his master, "the stick
could never have walked off with itself."

—Certainly not, "sir; unless it was a
walking-stick."

—"The," said Mrs. Partington, "how do
they find out the difference between the
earth and the sun?"
—"Oh," said the young hopeful, "they
calculate a quarter of the distance, and
then multiply by four."

—"How is it," said one miss to another,
that John's never afraid, and I am?"
—"Because he's got a Roman nose, and
feels safe. Don't you remember how we
read that it has always been said that a
Roman knows—no danger?"

—"I say, Pat," said a Yankee, "why
don't you sue the railroad corporation for
the damages you have received? Both
your legs broken all to smash. Sue them
for damages."

—Sue them for damages, eh, boy? I
have had damages enough already. I'll
sue them for repairs."

—A School boy having good naturally
helped another in a difficult cyphering
lesson, was angrily questioned by the
domineer, "why did you wear his lesson?"
—To lesson his work," replied the
younger.

GEO. M. POWERS,
Chairman of the County Convention.

NEWS SUMMARY.

State Politics is the all absorbing topic just at present. The Republicans are presenting two strong names for Governor; viz. Col. Marshall and Charles D. Gilfillan, but Gilfillan is the man, and we expect to see him nominated at the convention which meets at St. Paul September 6th.

Our County Convention, it will be seen meets in this town on Thursday August 31st. The Democratic County Convention met last week Saturday, and with a little swapping of offices renominated the old board of County officers.

Their State Convention which was held on Wednesday, was, as the Press says, a great fizzle, being attended by the unprecedented assemblage of 88 persons. The result of this great concourse was an adjournment until September 7th, the day after the Republican Convention, when they will count noses and try again.

We are obliged to announce the probable failure of the second attempt to lay the great Atlantic Telegraph Cable, communication having ceased with the Great Eastern on the 2nd of August, though up to this time no news of the arrival of that vessel at Newfoundland, has been received and many yet hope that the break may be remedied.

Gen. Grant is on his way to his old home in Galena Illinois and an invitation has been extended to him to visit this State, so we may yet have an opportunity of seeing the *Uncle Sam* in our peaceful Minnesota.

The Great 7-30 loan is all taken up and shows in its unequalled success the great confidence of the people and strength of the nation. Nearly all the Soldiers have been paid off, and the receipts from Internal Revenue are now over \$1,000,000 per day, so that there is little fear of want of money before Congress meets, which has been apprehended by many.

The way seems to be being prepared to slip old Jeff. out of his dues and a trial for treason, and doubtless another six months will set the traitor at liberty and perhaps give him a liberal pension from Government.

Great Failures are the last excitement at New York, amounting it is said to several millions, mostly the result of stock gambling.

The Seventh Regiment was mustered out of the service and paid off on Wednesday. The 6th 9th and 10th are to be paid off immediately. So our brave soldiers are being released from the cruel work of death and returning to the homes of peace and the anxious ones, to be no longer broken away by traitorous war.

LAND OFFICE.—At the St. Cloud land office during the month of July, 23,374 acres were taken for homesteads, besides 3,086 acres purchased with cash, warrants and scrip.—*St. Cloud Democrat*.

THE ATLANTIC TELEGRAPH.

Fatal Loss of Communication - Twelve Hundred Miles from Valencia.

New York, Aug. 15.—The following additional news has been furnished by the steamer China:

Much anxiety existed concerning the Atlantic Telegraph Cable, which had continued entirely without signals since noon of Wednesday the 2d. The general feeling was one of depression and hopelessness, although there were many who retained hope of resuming communication.

The Times was despondent, although not entirely without hope, as the weather has not been unfavorable.

The Star hopes that on the Great Eastern they are employed slowly but surely in searching for the affected part.

A test at Valencia shows the accident to the cable to be a total loss of insulation nearly 1,200 miles from Valencia. This would be in almost the deepest water, tearing the whole route.

The Shipping Gazette says small insurances were effected at Lloyd's on Friday at fifty guineas, but most of the underwriters declined risks at any price.

The Pall Mall Gazette says it is understood that an astronomer of the Royal Observatory has communicated the following facts to the Atlantic Company:

At noon Wednesday when the signals became unintelligible, a magnetic instrument at Greenwich Observatory showed that what is termed a magnetic storm had commenced. These storms cause currents to flow through the telegraph wires, and seriously affect the working of both land and sea lines. It is also stated that although the storm has much abated, the current may still be passing of sufficient strength to confuse the signals passing from the ship through the delicate instruments used at Valencia.

This magnetic storm is the greatest that has occurred for many years. These explanations are somewhat reassuring, although the Atlantic Company in their official statements make no allusion to electrical disturbances. Another theory is that the ship may have encountered bad weather and been obliged to cut and buoy the cable.

FROM WASHINGTON.

Trial of Jeff. Davis—Civil Law to be Re-established.

New York, Aug. 16.—The Herald's Washington special says, as the result of a careful inquiry, it is believed there is an unwillingness on the part of a portion of the cabinet to have Jeff. Davis tried for treason, while there is reason for asserting that the President is prepared to have him brought before a civil tribunal.

Chief Justice Chase is expected to arrive here in the course of a few days for consultation with the President as to the time, manner and place which shall be designated. The ablest counsel in the United States are being consulted on the subject.

There is a determination on the part of the executive that there shall be an immediate and fair trial by a jury of the country for high treason. It may, in addition to this, be confidently asserted that the President has determined as soon as practicable to withdraw the orders suspending the privileges of the writ of habeas corpus, and to dispense with military courts.

All the soldiers in the field, with the exception of those in the military division under Gen. Sheridan, have within a few days been paid up to and including the 30th of June last; and for Sheridan's department over ten million dollars were sent two weeks ago, to paymasters, with which to settle all demands against the Government. So, too, in the West and far West, including California, have the requisite funds been forwarded to pay the dues of soldiers.

On the first day of May, last there were more than one million soldiers actually in the service of the United States. Since then at least 500,000 have been mustered out and paid off, while about 200,000 more are either en route or waiting to be mustered out at various State rendezvous.

Only two regiments of this enormous army have failed to receive their pay with reasonable promptness. One of these is a New York regiment, but the only reason of failure to receive their pay is found in the neglect of their officers to properly complete their pay rolls.

FROM WASHINGTON.

Burials at Andersonville—Trial of Wertz—Suspension of Parsons.

New York, Aug. 15.—Gov. Holden, of North Carolina, has issued a second proclamation, dated Raleigh the 8th inst., appointing Thursday the 21st of September for an election to be held throughout the State to choose delegates to a convention to meet at Raleigh, October 2d.

The trial of Wertz, the Andersonville prison keeper, takes place today. The charges are willful maltreatment of prisoners and destroying their lives, in not allowing them sufficient food and shelter, stealing their blankets, &c.

The Times' Washington special says it is understood that the President has determined to suspend the bestowal of pardons for a short time. An arrangement will probably be made to transfer the labor from the executive to one of his subordinates, the applications for amnesty having for the past month proven of more annoyance than any other business brought to his notice.

The Herald's Washington special has the following: J. M. Moore telegraphs from Andersonville that he will be through with the work of reinterring the remains of our soldiers who died at that place during the war, by the latter part of this week. Fourteen thousand head-

boards are to be set up as a slight indication of esteem for which many rebel general officers are now held by our fellow citizens whom they so long cruelly deceived. It may interest the public to know that Forrest cannot return to his plantation and old home on the Mississippi River with safety, unless protected by Federal bayonets.

STATE NEWS.

HOMESTEADS.—Rev. F. A. Conway located at the St. Cloud land office this week, for soldiers in the army, forty-three more homesteads. These homesteads are taken by men whose regiments are being mustered out, and they will soon be upon them.—*St. Cloud Democrat*.

INDIAN OUTRAGES.—The Chippewa Indians seem to be disposed to "kick up a fuss." Besides killing two men near Crow Wing, they have burnt our lumberman's camp on Pine River. That of Messrs. Ankeny, Robinson and Clewett, was burned with all their sleds, &c. Some white men happened to be near by, and witnessed the setting on fire and burning but had no power to arrest it. The Indian who took the lead in this matter is known. One thing is certain, that these troublesome rascals must be speedily taught wholesome lessons. The Indians who committed these outrages are a part of the Red Lake Band. This restless band have been threatening to commence hostilities for several months. Let a speedy retribution be visited upon them.

PROVOST MARSHAL'S OFFICE CLOSED.—Capt. Allen, Provost Marshal of the 1st District, Minnesota, has been notified that he will be relieved on the 21st inst., and his office closed. Records of the office to be turned over to Capt. Keith of the 2d District. It is expected that the office of the 2d District will be finally closed during the month of September.

EDITOR OF THE VALLEY HERALD.

Permit me through the columns of your paper to give you the particulars of one of the most wonderful miracles of modern times. Those who are conversant with the Holy Writ recollect the remarkable cures that were effected at the time of Christ, but few there are that will believe that those remarkable cures can be effected by mortal man at the present day; but listen until I can tell you of one that has been performed even in these times, and in our very midst. Not long since a person named Ulrick Scheidegger, living within one mile of Helvetia, in this County, happened to be at the town of Eden Prairie and learning that a person named David Mitchell, a farmer, residing there was quite sick with a disease called Scrofula or Leprosy called upon him. Mr. Mitchell was confined to his bed and had been more or less, for six months. The disease after running for about ten years, and after all the prescriptions devised by the most experienced Physicians in the State, still raged, with more fury than usual, in fact all hopes of effecting a cure seemed about abandoned by Mr. Mitchell. His flesh had turned purple, he had become emaciated by constant pain, and everything betokened, an early dissolution. This remarkable man Ulrick Scheidegger after looking at him for a while stated that he thought he could effect a cure; he asked nothing for his services, but if a cure was effected he would accept a present. The terms were satisfactory and he proceeded with his work; the patient was directed to divest himself of his covering, even his shirt, so that the necessary operations could be performed. When this was done, Mr. Scheidegger breathed over the patient from head to foot three times, making use of scriptural language, after which the patient was requested to again cover himself, the patient having again resumed his original position, he was addressed then by this great Physician, If you get worse after I am gone you may expect to recover of your disease; if you remain the same I shall have no hope of effecting a cure, the Physician then left. A few hours after his departure, the patient became worse; all of the worst phases of the disease manifested themselves; his whole system was perfectly mad with pain, the blood coursed through his veins with lightning speed, his flesh became red and raw from the crown of his head to the sole of his foot. His family connections were summoned to the bedside in dread anticipation of his departure of this life. An attorney was summoned to prepare a Will; none thought he could recover; few thought he could live 24 hours, but there was another being who had ordained, and another wondrous mortal that had foretold the future. After the lapse of three or four days the pain began to subside; the patient began to hope for a cure, his flesh, before rough, red, scaly and rotten, turned of a whitish color, and the skin came off in white scales and were scraped off until a water bucket was filled with them; A week, and the pain had left entirely, ten days the skin had resumed its natural color, and no vestiges of the disease remained, and to day the patient is a well man, with step as elastic, as a young man's of twenty years. The wondrous miracle of Ulrick Scheidegger, thus performed, can be substantiated by scores of living witnesses and the snowy white hair, of David Mitchell, made so by the awful disease, and the pain accompanying it; will testify of the miracle.

HOSTETTER'S

CELEBRATED

Stomach Bitters.

A pure and powerful tonic, corrective and alterative of wonderful efficacy in all diseases of the Stomach, Liver and bowels, Cures Dyspepsia, Liver complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms, and all Complaints of either Sex arising from bodily weakness whether inherent in the system or produced by special causes. No other medicine possesses so great and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no element of any kind, no deadly botanical element, no fiery excitant, but it is a combination of the extracts of rare and salutiferous herbs and plants with the purest and mildest of all diffusive stimulants.

It is well to be forearmed against disease, and so far as the human system can be protected by home remedies against all the evils engendered by an unwholesome atmosphere, impure water and other external causes, HOSTETTER'S BITTERS are relied on as a safeguard.

In districts infested with Fever and Ague, it has been found infallible as a preventive and irresistible as a remedy, and thousands who resort to it under apprehension of an attack, escape the scourge, and thousands who neglect to avail themselves of its protective qualities in advance are cured by a very brief course of this marvelous medicine. Fever and Ague patients, after being plied with quinine for months in vain, until fairly starved, find that dangerous ailment, are not unfrequently restored to health within a few days by the use of

Hostetter's Bitters. The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic, and hence it works wonders in cases of Dyspepsia, and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves Constipation superinduced by irregular action of the digestive and secretory organs.

Persons of feeble habit, prone to Nervous Attacks, Losses of Spirits and Fits of Irritability, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The agency of Bilious Colic is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

As a General Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated, and in cases of Constitutional Weakness, Premature Decay, Debility and Decrepitude arising from Old Age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-energize and re-establish them.

Last, but not least, it is The Only Safe Stimulant, being manufactured from sound and innocuous materials, and entirely free from the seductive elements present in many of the so-called Tonic and Stimulative of the day.

No family medicine has been so universally, and it may be truly said, deservedly popular with the intelligent portion of the community, as "Hostetter's Bitters."

Prepared by HOSTETTER & SMITH, Pittsburgh, Pa. Sold by all Druggists, Grocers and Storekeepers everywhere.

Civil and Military.

A great 'blow' is being made throughout the State as to whether a 'military' or a 'civil' person shall be nominated for the Governorship of this State. We think that this is the merest 'bosh.' The fact that a person has worn shoulder straps for the last three or four years should entitle him to the highest civil office in the State, more than it should a civilian, entirely beyond our comprehension. As a General thing, military officers have made a pretty good thing of it, and in many cases, have done better pecuniarily, than they ever did in the same length of time before in their lives.

No distinction ought to be made. We should go in for principles. If a good, honest man is nominated, one in whom the party can rely, he should be elected, whether his shoulders have ever been ornamented with stars or whether he has followed the plow during the war. We honor every brave officer and soldier, and honor will be associated with their names during this and coming generations. The debt the people owe them is gratitude, respect and love—not money, office or spoils.

The wounded soldier, who has been disabled in the service is another matter entirely, from the munificently paid officer. To the wounded soldier we owe pecuniary aid, in addition to respect and gratitude. But, if a wounded soldier was not fitted for an office, or a citizen was found who would be more adapted to fill the place, we should go in for the citizen, and aid the soldier in some other way. Each man being equal, we should cast our vote for the soldier.

But to vote for an officer because he is an officer, and making mental acquire-

ment and integrity a secondary consideration, is staidism in the highest degree.—*Wright Co. Statesman.*

THE CABLE FAILURE.

More Stock to be Issued and a Second Cable to be Laid.

Aspy Bay correspondence says: "The following practical conclusions have been arrived at by those engaged in various capacities in the expedition:

"First—That the steamship Great Eastern, from her size and sea-going qualities, can carry and lay the Atlantic cable safely in any weather.

"Second—That the paying-out machinery constructed for the purpose by Messrs. Conning & Clifford works perfectly, and can be confidently relied on.

"Third—That the insulation of the gutta-percha conductor was improved by the reduction of the temperature and the great pressure at the bottom of the ocean, and was more than double what it had been before starting, proving itself to be the best insulated cable ever made, and many times higher than the standard required by the contract. The cause of the two faults which were picked up was, in each case, a perforating of the gutta-percha through to the copper by a piece of iron, were found sticking in the cable electrically. The third fault was analogous to the first. The difficulty can be guarded against in the construction of future cables.

"Fourth—That nothing has occurred to create the least doubt in the minds of practical men engaged in the expedition of the successful laying and working of an Atlantic Telegraphic Cable, but, on the contrary, their confidence in the undertaking has been increased by the experience thus obtained.

"Fifth—That, with the Great Eastern steamship, and with stronger tackle and improved picking-up machinery, there is a possibility of recovering the lost part of the cable and completing the line, at ready two-thirds laid.

A Prediction Verified.

In 1860, when Jeff. Davis was threatening destruction to the North as the result of secession, he, one day, in an animated conversation with Gen. Simon Cameron, exclaimed: "When the South secedes, such paralysis will fall upon Northern enterprise that the grass will grow in the streets of your northern cities!" The retort was instant; the general replied: "Mr. Davis, if the Southern States secede, utter ruin will fall on your section. Your slaves will be liberated, and will assist in your destruction. The North will not be ruined, but I will, with my own hands, plant corn in the streets of Charleston, the cradle of treason." True to his promise, in the spring of this year, when General Cameron visited the South, he did plant the corn, hired a soldier to attend to it, and has just received a crop, with the following note from Maj. Gen. Hatell, commanding our forces in Charleston:

Hon. Simon Cameron, Dear Sir:

CHARLESTON, S. C., July 21, 1865.—I ship to-day, by Adams Express, four ears of corn, the product of the grain planted by yourself, in the early part of April.

It is poor corn at the best, probably owing to the soil. It has received every care from the gardener at the hospital, whose name is given below.

Very respectfully, your obedient servant,
JOHN B. HATCH, Maj. Gen.

David Fitz Gibbon, gardener, Orphan's Asylum, Charleston.

We have been presented by the general with an ear of the corn, which we will be glad to exhibit to our visitors.

From the Harrisburgh [Pa.] Telegraph.

STATE NEWS.

BLUE EARTH COUNTY.

SALE OF FARMS.—Mr. Jared Lewis, living about five miles north of Mankato, sold his farm of 300 acres, and improvements, to Mr. Bradley, of Illinois, for \$5,000. This farm is in a good state of cultivation, and contains a comfortable dwelling and all the necessary outbuildings.

PERSONAL.—Ex-Senator M. S. Wilkin returned home on Friday evening last. We understand that it is his intention to resume his residence here, and that he will open an office for the practice of his profession. He is perfecting arrangements for the erection of a fine residence on Broad street, Warren's addition.

IN JAIL.—Two men from Faribault county are now confined in jail at this place, on the charge of burning a pre-

sumption cabin located on a contested land claim.

THE LARGEST INCOME.—We learn that the largest income returned for 1864 by any person in this section of the State is by a prominent lawyer of New Ulm largely engaged in the prosecution of Sioux claims, whose income tax amounts to something over 1,300.—*Mankato Record.*

WARSAW COUNTY.

FRUIT GROWING.—Some of the citizens of Read's Landing have been very successful in the cultivation of apples and pears. The finest orchard we have seen in the State in the variety and quality of its fruit was set out there seven years ago by W. C. McMaster. The trees are from the celebrated nurseries of Ellwanger & Barry, Rochester, N. Y., and were selected by them with a view to the rigor of our winters. Out of some twenty-five varieties set out, all have borne fruit, with two of three exceptions, for the past four or five years. We mention this more particularly for the benefit of those wishing to purchase trees, calling their attention to the nursery where they were procured; and the same nurserymen are prepared to make proper selections and fill orders for Minnesota. With proper care and attention their trees will not fail to flourish.

A few days ago the Press mentioned the receipt of an apple, grown near St. Paul measuring ten inches in circumference. We have an apple of the Early Harvest variety from the orchard above-named measuring eleven inches, and it is as fine and perfect an apple as we ever saw; and this is only "one of many."

T. B. Wilson has also raised a fine young orchard, which was set out in 1859 we think, the trees being brought from Iowa. We noticed many of the trees well loaded.

Mrs. Morse has a good collection of seedling apple trees on her place at the lower end of town, which will produce a plentiful crop this season.

CHIPPewa LUMBER.—We learn that the amount of lumber being run out of the Chippewa river, the present season far exceeds that of any former year. Mr. Wilson has shown us some estimates of the quantities run out by the different companies since the opening of the river, amounting at a low calculation to ninety-four million feet of clear lumber. This would indicate prosperity for the Chippewa Valley greater than any heretofore enjoyed—a fact which we are glad to chronicle.—*Lake City Leader.*

DODGE COUNTY.

THE RAILROAD.—We understand that the entire grading and mass work on the railroad track between Rochester and this place will soon be completed, but it is yet uncertain whether the track will be laid this fall.—*Monteville Express.*

THE COURT HOUSE.—The stone work of the second story of the Court House is now complete, and the work is progressing rapidly to completion.—*Ibid.*

SAINT ANTHONY.

ACCIDENT.—Mr. John Whitney was seriously injured at the St. Anthony saw mills yesterday. A large pile of lumber fell over and crushed him beneath it, causing such injuries as to make him unconscious. Dr. Johnston dressed the wounds.—*St. Paul Press.*

RETURN OF EX REBELS.—About two hundred men, formerly in the service of the defunct Confederacy, who have been doing duty on the frontier for a year or two past, have been mustered out of the Federal service, and will be forwarded to their homes in the Southern States. They leave this morning.—*Ibid.*

DESTRUCTIVE FIRE.—Loss from \$10,000 to \$12,000.—On Saturday evening last, about half-past 9 or 10 o'clock, an alarm was sounded by the steam whistle of Youmans & Bro.'s saw-mill, at the upper end of town, occasioned, as was afterwards discovered, by the burning of a large building close by, known as the steam flooring mill belonging to Mr. H. D. Huff. Before any effort could be made to stop the progress of the fire, it had got complete possession of the inside of the building, and spread with great rapidity to all parts of it, so that with the imperfect means at hand, it was obviously impossible to put out the flames, and all thought of saving the property was consequently abandoned.

The value of the property destroyed is estimated at from \$10,000 to \$12,000. It was a large three story and a half building, with steam works, and was strongly and well built. Its original cost to Mr. Huff, its owner, was much greater than the sum above named. For a year or two past the mill has not been in use. There was, we are informed, and insurance of \$7,000 on it.

Various theories are put forth concerning the origin of the fire, the most probable of which is that it was the work of an incendiary.—*Winona Republican.*

Local Intelligence.

Saturday Morning August 20th

MOUNT PLEASANT CEMETERY.

The Annual Meeting for election of officers &c. of the Mount Pleasant Cemetery Association, will be held on Monday evening, 28th inst. at eight o'clock, at the Store of C. A. WARNER & Co.

The Constructive.

Messrs. Warner & Dunklee are intending to launch their new barge next Tuesday. It is a fine large boat, 125 feet long, and 20 feet wide and will add essentially to the tonnage of our navy.

Mr. Keenings' new house is nearly completed externally, and will be one of the largest and finest looking buildings in town.

J. A. Dunklee has his new house nearly covered also.

John Neinsinger is putting up a new building for a meat market and will soon be in new, and more commodious quarters with knife and cleaver in hand.

John Boss is adding an L to his house also, and altogether we seem to be in flourishing condition.

The Crops.

We are glad to learn that the heavy rains have not damaged the wheat to the extent that was feared, the real damage being mostly in the extra labor required to harvest it.

The fields where harvested are thickly sprinkled over with stacks of all sorts, some mown and cured like hay, and some bound and stacked as usual.

The corn crop looks finely, and is fast approaching maturity, but the potatoes, the farmers say are rotting from being so often and heavily drenched by rains.

Wheat is bringing 70 to 75c in this market. Potatoes are in little demand and have no fixed price.

The River.

Last Saturday and Monday we were visited again with heavy rains which have essentially raised the water in the river, and the Ariel which went down Tuesday heavily loaded with grain, returned Wednesday with a large miscellaneous cargo of furniture, farmers implements &c., and among her passengers, Maj. Evans who has been South looking for blood-hounds. He says that the article is very hard to find, but brought with him half a dozen hounds as the only alternative. We imagine that this is about the last end of the Dog-Indian excitement, and the \$2000, invested in the business. The Ariel went down again Thursday noon and will, we understand, next attempt a through trip to Maakato. The Mollie makes her regular trips and is doing a flourishing business.

JAIL DELIVERY.

Bold Departure of Prisoners from the Winona Jail.

From the Winona Republican, of Saturday.

On Friday evening, while the keeper of the Jail was engaged in supplying the prisoners with their supper, the two men recently incarcerated for the robbery of Genes, on the Northern Belle, succeeded in effecting their escape. It appears that, in order to permit the prisoners to eat their supper with some degree of ease, the handcuff on the right hand of each was unfastened—a proceeding which had been daily practiced, and which was considered perfectly safe at that time of the day. Taking advantage of the circumstances, however, the prisoners, on Friday evening, as stated, suddenly pounced upon the keeper knocked him down, gagged him, placed the handcuffs so lately taken from their own wrists upon him, dragged him into the now vacant cell, locked the door, and, taking the key and the keeper's revolver with them, quietly departed, and have not since been seen. The whole affair was executed almost instantly, and so noiselessly that no alarm was produced.

The unfortunate jailer was permitted to lie in the cell some time before it was discovered what had occurred, and ere he could be rescued from his place of confinement it was found necessary to break open the door with a sledge hammer. This done, the handcuffs had to be taken off with a saw, the key to unlock them having been carried off by the escaped prisoners.

These men are named John Alsop and James R. Williams, and they hail from Michigan. They were committed to jail for the robbery of Charles Genes, on the steamer Northern Belle, early this week. They are evidently desperate characters, and no effort should be omitted to have them re-arrested. Sheriff King was absent at the time of their escape, in pursuit of one of the Rochester bank robbers.

Who Was It.

"Save us from our friends." Who was it that worked day and night one year ago to prevent the soldiers having a vote? The press that supported McClellan. Who was it that described our victories and rejoiced at our defeats? The McClellan press. Who was it that gave new poison to the dying rebellion? The Copperhead Press. Who have pleaded the most earnestly for the full and free pardon of the men who hoisted the black flag and starved our boys when prisoners? The Democratic Press. Boys, it is hardly twelve months since we, as soldiers were thus insulted by the friends of our treacherous foes. Do not forget it now when they come crawling in the dust at your glorified feet as you come home, and try to beslime you with their praise. They had upon you while you were pressing treason to the wall with your true bayonets, they fawn upon you now when they see you coming home to exercise the ballot.

"Our brave boys," is all their song now, last year they were Lincoln's minions, but "our brave boys," have as little respect for their praise as they had fear for their prediction of failure one year ago. — *Winona Herald.*

HOSTETTER'S.

CELEBRATED Stomach Bitters.

A pure and powerful tonic, corrects and alleviates of wonderful efficacy in disease of the Stomach, Liver and bowels, Chorea Dyspepsia, Liver complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms and all Complaints of either Sex.

It is well to be forewarned whether inherent arising from bodily weakness, whether inherent in the system or produced by special causes, nothing that is not wholesome general and restorative in its nature enters into the composition of Hostetter's Stomach Bitters. This popular preparation contains no mineral of any kind, no deadly botanical elements, no fiery or acid substances, it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all digestive stimulants.

Persons of feeble habit, liable to Nervous Attacks, Lassitude of Spirit and Piles of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The agency of BILIOUS COLIC is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

As a General Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay and Debility and Deceptive influences from Old Age, it cures the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the power of nature is relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is being manufactured from sound and innocuous materials, and entirely free from all the elements present more or less in all the ordinary tonics and stomachics of the day.

No family medicine has been so universally and it may be truly added, deservedly repudiated by the intelligent portion of the community, as "Hostetter's Bitters."

Persons of feeble habit, liable to Nervous Attacks, Lassitude of Spirit and Piles of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The agency of BILIOUS COLIC is immediately assuaged by a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented.

As a General Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay and Debility and Deceptive influences from Old Age, it cures the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the power of nature is relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is being manufactured from sound and innocuous materials, and entirely free from all the elements present more or less in all the ordinary tonics and stomachics of the day.

No family medicine has been so universally and it may be truly added, deservedly repudiated by the intelligent portion of the community, as "Hostetter's Bitters."

Prepared by HOSTETTER & SMITH, Pittsburgh, Pa. Sold by all Druggists, Grocers and storekeepers everywhere.

CARVER COUNTY CONVENTION.

The Delegates to the Republican County Convention met at the School House in Chaska, pursuant to the call of the County Committee on Thursday the 31st, at 1 P. M.

The Convention was called to order by Geo. M. Powers Esq., Chairman of the County Committee.

Geo. M. Powers was unanimously chosen Chairman of Convention.

Capt. T. D. Smith (not a delegate) was unanimously reported to act as Sec'y.

In accordance with a motion made and carried, the chair appointed the following committee of three, on Credentials.

G. Dressell, J. Delamater, Ole Paulson.

The Committee on Credentials reported, and the following towns as represented, and entitled to votes in the Convention.

BENTON 3.
Charles Bachman, 3 votes.

CAMDEN, 1.
James Slocum Jr., Substitute.

CARVER, 3.
Wm. Gilsche, Jacob Horner, L. A. Griffin.

CHANDLER, 4.
G. M. Powers, 2 votes, H. Langdon, Carlisle Pierce.

CHASKA, 4.
C. A. Warner, J. Delamater, J. W. Gregg, G. Dressell.

DAHLGREN, 5.
Charles Ludloff, 3 votes, Ole Paulson, Niles Oleson.

WACONIA, 3.
H. Barreau, A. Gregor, F. Hassenstab.

WATERTOWN, 4.
Peter Church.

YOUNG AMERICA, 3.
James Slocum Jr.,

Mr. Bachman moved that the vote of Camden be rejected, on the ground that their authorized delegate, was a non-resident.

This motion was withdrawn and the following, substituted "That no town shall be allowed representation in this convention, which is not represented by a citizen delegate." This motion was lost after hot debate, on the ground that such representation had not been questioned in previous conventions.

Mr. Warner moved that "In all future conventions, no town shall be allowed representation except by citizen delegates"—Adopted, unanimously.

On motion the Convention proceeded to ballot for three candidates, to attend the State Convention, to be held in St. Paul on the 6th of September, with the following result.

C. A. Warner 17. C. Bachman 8.
J. Slocum Jr., 17. C. Ackerman 8.
G. M. Powers 17. J. S. Letford 8.

During the pendency of this ballot,

L. H. Griffin objected to C. A. Warner casting the votes of Watertown, as requested and authorized by their delegate who was obliged to leave the convention.

This objection was overruled by the chair, for the same reasons as mentioned above in regard to Mr. Slocum, as Representative of Camden. Appeal was made from the chair. The chair was sustained.

C. A. Warner, James Slocum, and G. M. Powers, having received the highest number of votes, were declared duly elected.

Thomas Clary, A. W. Tiffany, and J. W. Gregg, were appointed substitutes. Motion was made that the name of J. A. C. Flood be presented to the 6th Senatorial District Convention as the choice of the people of this county for Representative to the Legislature.

L. H. Griffin moved to substitute the name of J. S. Letford—Lost.

L. H. Griffin moved to adjourn, to meet at Waconia on Monday the 4th of September.

The roll by towns was called for. The chairman directed the Secretary to call the roll, whereupon said Griffin sprang to the floor, calling upon all in favor of adjournment to say, "aye"! Some six or eight responded accordingly and immediately left the house.

The Sec'y proceeded with the call of the roll, with the following result:—For adjournment, 1; against, 16.

The motion was then carried, 13 voting in the affirmative, none in the negative, that the name of J. A. C. Flood be presented to the District Convention, as the choice of this county for Representative, to be supported at the next election.

The following persons were chosen as Delegates to the District Convention.

James Delamater, C. A. Warner.
George M. Powers, James Slocum Jr.
Andrew Peterson, John Smiler.

Voted that in case all delegates were not present at the District Convention, those present should have full power to cast the entire vote.

For County Officers the following persons were nominated.

Register of Deeds, A. W. Tiffany.
County Treasurer, Theodore Bost.
Sheriff, Daniel Stone.
County Attorney, T. D. Smith.
Clerk of the Court, G. Dressell.
Judge of Probate, Peter Swanson.
County Surveyor, Lucien Warner.

James Slocum Jr., was chosen chairman of the Republican County Committee for the ensuing year, and authorized to appoint Chairmen for the different Town Committees.

On motion Convention adjourned.

G. M. POWERS Chairman.
T. D. SMITH, Secretary.

HOSTETTER'S
CELEBRATED
Stomach Bitters.

A pure and powerful tonic, corrective and alterative of wonderful efficacy in disease of the Stomach, Liver and the bowels, Chorea Dyspepsia, Liver complaint, Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Cramps and Spasms and all Complaints of either Sex arising from indigestion, who are laboring in the system or produced by special causes. Nothing that is not wholesome and restorative to the system, and the composition of Hostetter's Stomach Bitters. This preparation contains no mineral of any kind, no highly heated element, no dry, irritating, but it is a combination of the extracts of various herbs and plants with the purest and mildest of all diffusive stimulants.

In distillates, infused with Feverfew and Agave, it has been found to be a preventive and restorative in a variety of cases of Indigestion, and in the treatment of an attack, escape the recovery, and the patient who neglects to avail themselves of its protective qualities in advance are cured by a very brief course of this marvelous medicine. Agave parrots, after being fed with quinine for weeks in vain, will finally succumb with that dangerous ailment, when the administration of Hostetter's Bitters will restore them to health within a few days by the use of it.

Persons of feeble habit, prone to Nervous Attacks, Lowness of Spirits and Fits of Langor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes.

The agency of Bitters is immediately assumed by a singular dose of the stimulant, and by incessant resorting to it, the return of the complaint may be prevented.

As a General Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay and Debility and Decrepitude arising from Old Age, it exercises the electric influence in the convalescent stages of all diseases, it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-energize and re-establish them.

Last, but not least, it is being manufactured from sound and innocuous materials, and entirely free from the acid elements present in many of the ordinary tonics and stimulants of the day.

No family medicine has been so universally and truly called, deservedly popular with the intelligent portion of the community, as "Hostetter's Bitters."

Prepared by HOSTETTER & SMITH, Pittsburgh, Pa. Sold by all Druggists, Grocers and Storekeepers everywhere.
